Note

- Please open PDF file contents under the latest version of Acrobat Reader.
- Please take note of the following restrictions.

In case of using this instruction manual on our website, it is considered that you agree to the following contents.

1. The contents of the instruction manual are subject to change without prior notice. Please note that the contents of the instruction manual described in our website may be different from the included paper manual at the time of purchase or paper manual of current released products.
2. Please note that the description in the contents may not be the latest, as instructions concerning to safety, such as 'Attention on use' and 'Attention on safety' become the contents that depend on legal and industry standard at the time of printing.
3. Such as instruction or errata other than the instruction manual may be attached in the product to provide an additional instruction manual. Please note that not all of those information can't be provided on our website.
4. The instruction manual provided on our website is limited to the product that we can provide the data. So if you could not find the instruction manual of your specific product, please contact our sales office.
5. Some products under instruction manuals may no longer be available for the reason of sale cancellation.
6. Please note that we will not take responsibility at all, for any damage that will occur by using or not being able to use our website service.
7. The copyright of instruction manuals belong to Asahi Diamond Industrial Co., Ltd. and it is prohibited to copy and modify a part of or all of the contents without our permission.
8. Please note that our service may be cancelled, or its content and condition may be changed without prior notice.
